----------------------------	------------------------------	--------------------------------------	---

## Project overview

Hartland Village brings St Edward's undisputed quality to a superb location in Fleet, Hampshire. With a wide range of homes and apartments, and glorious natural setting, there's nothing else like it in the area. St Edward's vision is for Hartland Village to be a highly sustainable community, defined by our traditional values and woodland setting, yet firmly connected to modern life. It began with the comprehensive redevelopment of a brownfield site to deliver 1,500 new homes, a primary school, community facilities and associated open spaces.

## SEC work package

SEC have installed all doors, skirtings, bathrooms, wardrobes, balustrades, roofing, garages, porches and dormers during phase one of the build of this 20-year project.

At Hartland Village, Berkeley St Edward are proud of the high quality homes we provide to our Customers. South Eastern Carpentry have been a vital part of the delivery process by providing materials, qualified tradesmen, supervision and project management all in a safe, high standard and professional manner

**Alan Hopley, Senior Project Manager** / St Edward
